

Name	Kumar Raji
Mobile number	+91 9600412153
Email Id	kumar.rit8@gmail.com

SUMMARY

- **9 years** of experience in Manual, Automation, and Performance Testing across web and mobile applications.
- Hands-on full stack development experience using React.js (front-end), Express.js (back-end), and MySQL database for freelance web application projects.
- Strong experience in Smoke Testing, Functional Testing, Integration Testing, GUI Testing, System Testing, UAT, Regression Testing, Performance Testing, and Compatibility Testing.
- Developed and executed automated test scripts for Regression Testing using Selenium and Appium for both Android & iOS (web + mobile).
- Performed different frameworks like Keyword framework, Data Driven framework, Hybrid framework and Behavior Driven Development.
- Reviewed test cases for peers, ensuring test coverage and functionality validation.
- Domain expertise in Healthcare, E-Commerce, ERP, and Real Estate.
- Passionate about mentoring and training junior team members.
- Worked in Agile and Incremental development models.

TECHNICAL SKILLS

- Languages: Java, HTML, CSS (Basic)
- Front-end: React.js (functional components, hooks, props/state, basic React Router)
- Back-end: Node.js, Express.js (REST API development)
- Database: MySQL (schema design, CRUD operations, joins)
- Tools & IDE: VS Code, Git, Postman, Chrome DevTools
- Automation Tools: Selenium WebDriver, Appium (Android & iOS), TestNG, JUnit
- Manual Testing: Functional, Regression, UI, UAT, Compatibility
- API & Performance: Postman, JMeter
- Frameworks: Keyword, Data-Driven, Hybrid, BDD (Cucumber)
- CI/CD Tools: Jenkins, Git
- Bug Tracking Tools: JIRA, Bugzilla, Mantis, Trello, ClickUp
- Platforms: Windows, Ubuntu, MacOS, Android, iOS

EXPERIENCE

- Freelance Full Stack Developer – React / Express / MySQL (Dec 2024 – Present)
Designed and developed a web application using React.js for the front-end, Express.js for REST APIs, and MySQL as the database. Implemented CRUD operations, user interface

screens, and integrated front-end with back-end APIs using Axios/fetch. Used VS Code for development, Git for version control, and Postman for API testing while collaborating remotely with the client for requirements and UI changes.

- Senior Software QA Engineer (Freelance) (**From Dec 2023 to Nov 2024**) Delivered QA services for freelance projects involving web and mobile app automation using Selenium, Appium, and Postman.
- Senior Software QA Engineer with **Dreams Technologies., Coimbatore (From 27th June 2022 to 15th Nov 2023)**
- Senior Software QA Engineer with **Rapportyk Technologies., Chennai (From 5th Aug 2020 to 21st June 2022)**
- Senior Software QA Engineer with **Siam Computing., Chennai (From 24th March 2018 to 31st July 2020)**
- Software QA Engineer with **Sash Digital Advertisement Private limited., Chennai (24th August 2016 to 29th September 2017)**
- Software QA Engineer with **Luisant Software Solutions., Coimbatore (5th March 2014 to 22nd August 2016)**

PROJECT DETAILS

Title : React–Express–MySQL Web Application (Freelance)

Role : Full Stack Developer

Platform : Web

Tech Stack : React.js, Node.js, Express.js, MySQL, JavaScript, HTML, CSS, VS Code, Git, Postman

Responsibilities

- Built responsive web UI using React.js functional components and hooks (forms, tables, filters, dashboard views).
- Developed RESTful APIs in Express.js to handle create, read, update, and delete (CRUD) operations.
- Designed and managed MySQL tables, wrote SQL queries, and integrated database layers with Express APIs.
- Connected React front-end to Express APIs using Axios/fetch, and handled JSON responses and error states.
- Implemented basic form validation and user input handling on the client side.
- Used VS Code as the main IDE, Git for source control, and Postman to test and debug API endpoints.
- Participated in requirement discussions with the client and delivered incremental builds based on

feedback.

Title	: Crown Commercial Service (CCS)
Platform	: Web
Skills	: Manual, Selenium Web Driver, Appium (Android & iOS), Jira

Responsibilities

- Managed software release schedules and executed testing across multiple sprints.
- Performed manual and automated testing for responsive web applications across devices and browsers.
- Collaborated closely with developers, business analysts, QA teams, and stakeholders to ensure high-quality deliverables.

Title	: Motoserve
Platform	: Android, IOS and Web
Skills	: Selenium WebDriver, Appium (Android & iOS), JMeter, Postman, Trello

Responsibilities

- Designed and executed mobile automation test cases using Appium for Android & iOS.
- Conducted API Testing, Functional, System Regression, UI, Performance Testing, and UAT support.
- Updated test cases based on enhancements and new features.

Title	: Lighter Side of Real Estate (LSORE)
Platform	: Web
Skills	: Java, Selenium Web Driver, Jmeter, Trello, Clickup

Responsibilities

- Developed and executed automated regression test cases for web applications.
- Conducted Localization Testing, Compatibility Testing, UI Testing, and Performance Testing.
- Attended client calls and provided daily status updates.

Title	: Kindertag
Platform	: Android, IOS and Web
Skills	: Selenium WebDriver, Appium (Android & iOS), JMeter, Postman, Trello

Responsibilities

- Designed and executed mobile automation test cases using Appium.
- Prepared test coverage reports and defect status reports.
- Participated in status meetings and planning discussions.

Title	: Shoppersworld.co
Platform	: Android, IOS and Web
Skills	: Java, Selenium Web Driver, Appium, Jmeter, Mantis

Responsibilities

- Developed and executed automated regression test cases for mobile and web applications.
- Conducted responsive testing across multiple platforms.

Title : **SashDotCash**

Platform : Android, IOS and Web

Skills : Java, Selenium WebDriver, Appium (Android & iOS), JMeter, Mantis

Responsibilities

- Led mobile automation testing using Appium for Android & iOS
- Conducted performance testing and ensured timely delivery of testing milestones

Title : **Contra – Intranet**

Platform : Web

Skills : Manual Testing, Java, Selenium Web Driver, Bugzilla

Responsibilities

- Executed functional and automated regression test cases.
- Ensured timely delivery of testing milestones.

Title : **Grokes.com – Groceries Online**

Platform : Android, Web

Skills : Manual Testing, Mobile Testing, Java, Selenium Web Driver, JMeter, Bugzilla

Responsibilities

- Developed and executed automated test cases using Selenium.
- Conducted SIT, UAT, Compatibility Testing, and Continuous Regression Testing.

Title : **Digital Doctor**

Platform : Web

Skills : Manual Testing, Java, Selenium Web Driver, TestNG, and Autoit

Responsibilities

- Automated test case execution using Selenium WebDriver in Java.
- Conducted functional and compatibility regression testing.

ACADEMIC PROFILE

- B.Tech in Information Technology – AVS Engineering College, Anna University

PERSONAL PROFILE

- Father Name : Raji.P
- Date of Birth : 24.04.1990
- Nationality : Indian
- Permanent Address : 3/91 Vanakkara Street, Sinnappampatti (post),

Edappadi (Tk), Salem - 636 306

- Languages Known : English, Tamil
